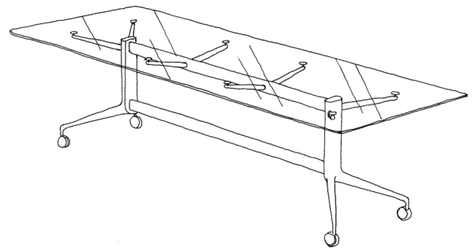
MYNE™ MEETING

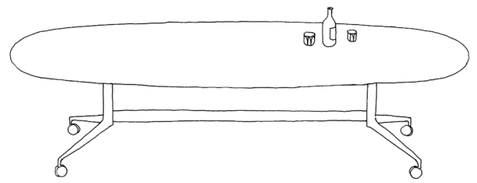
ROBIN RIZZINI

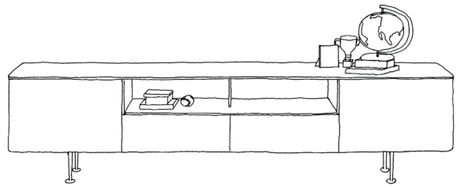
Chief Designer & Partner, Metrica

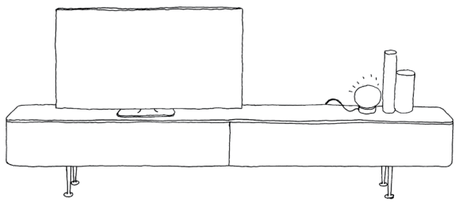
Metrica is an internationally renowned design studio, based in Milan, with a reputation for taking a unique approach to contemporary furniture design. Looking at design through a new context, Metrica streamlines its global vision for turnkey management of a project from design through production.

MYNE MEETING









MYNE MEETING

The original award-winning MYNE™ Collection has grown. MYNE Meeting tables and Credenzas are taking collaboration to the next level. Influenced by the same Italian design as their predecessors, the meeting tables boast options for either caster or glide feet and tech is refined through minimalist Power Cap and thoughtful cord management. MYNE Credenzas offer robust storage while complementing the look and feel of the meeting and mobile tables. In a world of shrinking meeting spaces and a growing demand for flexibility, MYNE simply brings more to the table.
