DESIGN

Ascari Conference is a sophisticated approach to meeting design. From the edge profile options and variety of base styles to the subtle reveals, Ascari Conference has been thoughtfully crafted to provide an elegant option for boardroom, conference rooms and small meeting spaces.

POWER & TECH

Ascari Conference excels at keeping devices charged and connected, offering solutions that gracefully integrate advanced technology without sacrificing design. Wireless tabletop charging, lighted perimeter power and discreet power drawers are a few of the ways technology enhances the functionality of the table collection.

MATERIALS

The table collection is available in a variety of material and finish choices allowing for an array of design possibilities. Luxurious options paired with distinctive material applications allow for a table as tailored and thoughtful as its environment.
